Lot Planting, Decoration and Improvements:

B. Seasonal and perennial plants will be limited to the width of the monument (or markers, if no family monument) and will not exceed ten inches in depth.

C. Natural plants only in 6 inch or 8 inch pots. Plants should be placed on lawn near stone, not dug into the turf causing damage to the lawn area. Boxed plants any size up to 12 inches by 6 inches.

D. Natural flowers in vases must have the approval of the cemetery sexton. No jars, bottles, or crockery; any jars, bottles, or crockery are unsuitable in appearance and too damage-prone.

E. Receptacles for cut flowers will be permitted, but only during the growing season. Flush marker areas of the cemetery are restricted for floral displays that are planted directly in front of the marker or to receptacles which may be moved for mowing purposes.

F. Flower beds will be kept clean and free of weeds. Any flower bed becoming infested with weeds will be mowed down.

G. No one will dig up sod in order to place a container of cut flowers on a grave space or lot.

H. Artificial flowers will be allowed as long as they are presentable. They will be placed in approved cemetery type vases. Those that have become faded or torn will be removed without notice.

I. Artificial flowers along with natural flowers and plants are to be removed by the lot owner in the fall of the year in preparation of the winter months.

J. Veteran flags that are faded or torn will be removed without notice.

L. Floral or grave blankets are not permitted at any time. They will be removed without notice.

M. The planting of trees, shrubs and bushes must be done by cemetery personnel only. Uncontrolled planting by individuals destroys the overall landscape plan for the cemetery.

N. No one will do any landscaping in the cemetery except the cemetery personnel. This includes mowing of grass and fertilization of the turf.

O. No more than one religious statue will be permitted per lot. Others will be removed with notice.

P. Cemetery personnel will not save special vases, stands, decorations or other items picked up during the cleanup operation.

Q. The cemetery reserves the right to remove all floral designs, flowers, trees, shrubs, plants or herbage of any kind, from the cemetery as soon as, in the judgment of the sexton or his assistants, they become unsightly, dangerous, detrimental, or diseased, or when they do not conform to the established standards.

R. The only approved winter decoration is a Christmas wreath.

S. Hanging baskets are permitted but the planter stand is to be placed as close to the monument as possible. Four legged wire baskets are not permitted.
